

Dell Inspiron 13-7353 Base Cover Removal

This is how to remove the Base Cover. You have to remove this Base Cover first before doing anything else.

Written By: Israel

1 plastic scribe

2 base cover

3 screws (10)

TOOLS:

- [Phillips #1 Screwdriver](#) (1)
-

Step 1 — Flip the Computer

⚠ WARNING: Please read the safety information shipped with your computer and follow recommended steps before working inside your computer. When finished working inside your computer, follow the instructions included in the safety information.

- Close the computer display and turn the computer over so that the base of the computer is facing up.

Step 2 — Secure the Base

- Remove the ten screws that secure the base cover to the base of the computer.

Step 3 — Pry the Base cover

- Using a plastic scribe (plastic opening tool), pry the base cover off of the base of the computer.

To reassemble your device, follow these instructions in reverse order.
