Huawei P10 Lite Battery Replacement

This guide shows how to replace the battery in your Huawei P10 Lite.

Written By: Dominik Schnabelrauch

INTRODUCTION

Use this guide to replace the battery in your Huawei P10 Lite smartphone.

🔧 TOOLS:

- Phillips #00 Screwdriver (1)
- Spudger (1)
- Tweezers (1)
- iFixit Opening Picks set of 6 (1)
- iOpener (1)

⚙ PARTS:

- Huawei P10 Lite, P9, P9 Lite, and Honor 8 Replacement Battery (1)

Step 1 — Back cover

- Insert the tip of an opening pick between the back cover and the mid frame and slide it around the phone, to cut the adhesive.

  - Using a suction handle to lift the back cover may help to get an initial gap for the opening pick to put in.

  - (i) If the adhesive is hard to cut, use an iOpener to loosen it.

Step 2

- After you cut the adhesive on every edge, twist your opening pick, to separate the rear cover from the phone.

- Flip the rear cover over to the right side of the phone.

Step 3

- Use a pair of tweezers to remove the sticker.

- Remove the two Phillips #00 screws.

- Remove the four 2.5 mm Phillips #00 screws.

Step 4

- Use tweezers to remove the mainboard shield.

- Use the flat end of a spudger to disconnect the finger print sensor flex cable.
  - ⓘ When reassembling apply new adhesive where it is necessary.
Step 5 — Battery Disconnection

- Remove the Phillips screw holding the battery connector plate in place.

- Remove the battery connector plate.

- Use the flat end of a spudger to disconnect the battery flex cable.

Step 6 — Battery

- [Use an iOpener](#) to loosen the adhesive beneath the battery.

- Insert a spudger between the battery and the mid frame to create a gap.

  ⚠️ Be careful not to puncture or crease the battery.

- Insert an opening pick or use the spuder in the gap to cut the adhesive beneath the battery.

  ⚠️ There are flex cables running under the battery. Don't damage them with your tools.

Step 7

- Use a spudger to cut the rest of the adhesive and lever the battery out of the phone.

- Remove the battery.

  - 📌 When reassembling your phone replace old adhesive with double-sided tape or pre-cut adhesive strips.

  - ⚠️ Never reinstall a battery that has been bent or damaged during removal.

To reassemble your device, follow these instructions in reverse order. When reassembling your phone apply new adhesive where it is necessary.
