

LG env2 vx9100 Battery Replacement

This guide will show you the easy steps to removing and installing the LG env2 vx9100 battery.

Written By: Reed Williston

INTRODUCTION

In this guide you will be removing the battery from the rest of the phone.

Step 1 — Battery

 Before disassembling your phone, be sure it is powered off to avoid minor electric shock or possible fire.

- Place the phone face down on the table.
- Use your fingernail or an opening tool to pull down the tab below the battery.
- Lift the battery out.

To reassemble your device, follow these instructions in reverse order.
