

# How to Get Rid of Urine Stains in the Carpet

This is to get rid of urine stains on your carpet.

Written By: David Scherrey III

## INTRODUCTION

This guide will show you how to get rid of urine stains in your carpet immediately. Please follow the instructions and enjoy. You will need 2 dry towels, baking soda, vacuum, water solution, a sponge, and dishwashing liquid.

### PARTS:

- [Towel](#) (2)
  - [Baking soda and water solution](#) (1)
  - [Vacuum Cleaner](#) (1)
  - [Dish Soap](#) (1)
  - [All-Purpose Sponge](#) (1)
-

## Step 1 — How to Get Rid of Urine Stains in the Carpet

- Fold a dry cloth or a towel and press it firmly over the stain.

## Step 2

- Sprinkle a dash of baking soda on the stain and leave it there for 30 minutes to soak.

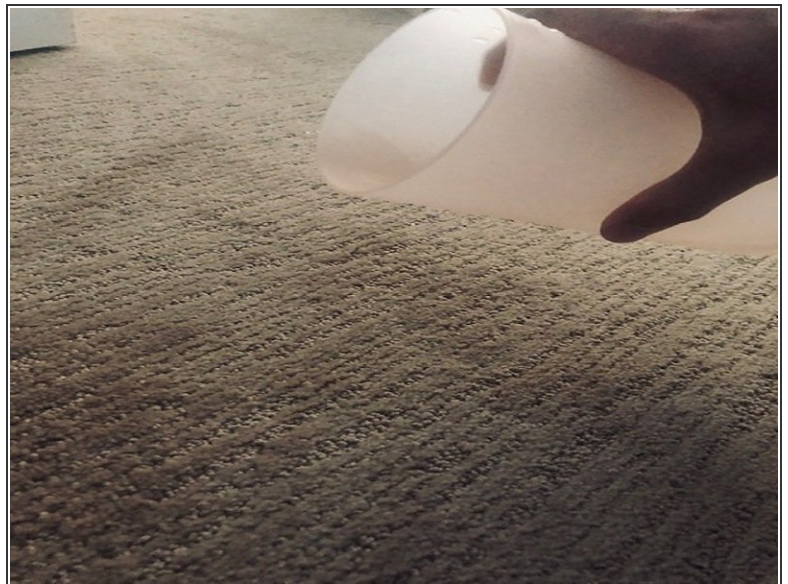

### Step 3

- Vacuum the baking soda afterwards to remove the residue from the carpet.

### Step 4

- Use a one-to-one (1:1) ratio of dishwashing liquid and water to clean the pee stains on the carpet.

## Step 5

- Use a sponge to spot the solution lightly on the stain until it is visibly gone.

## Step 6

- When the urine is visibly gone, spot with a clean dampened (wet) towel to rinse.

## Step 7

- And then use a dry cloth or towel to remove the excess of moisture on the carpet until it's dry.

Thank you for following along through our guide hopefully this helped you a ton.
