INTRODUCTION

If your phone will not turn on or charge, there is probably something wrong with your battery. Use these step-by-step instructions to replace the battery from your BlackBerry Tour 9630.

PARTS:

[BlackBerry Tour 9630 battery](#) (1)

Step 1 — Battery

- Position the phone so that the keyboard is facing down and the back is facing up.

Step 2

- Push the center silver button upwards to release the back cover.
- Take the back cover off and set it to the side.

Step 3

- Grip the battery where the light grey half circles are located and pull up.
- Set the removed battery to the side with the back cover.

To reassemble your device, follow these instructions in reverse order.
