Samsung Gusto 2 Camera Replacement
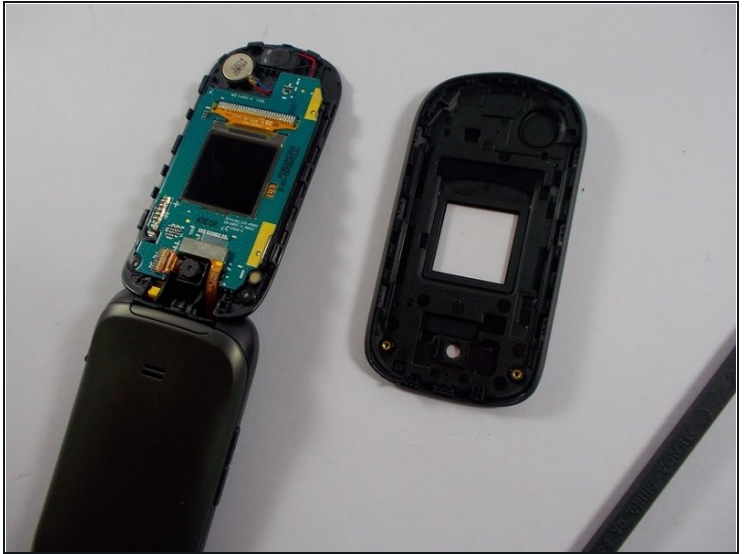

Written By: Marc Carreira
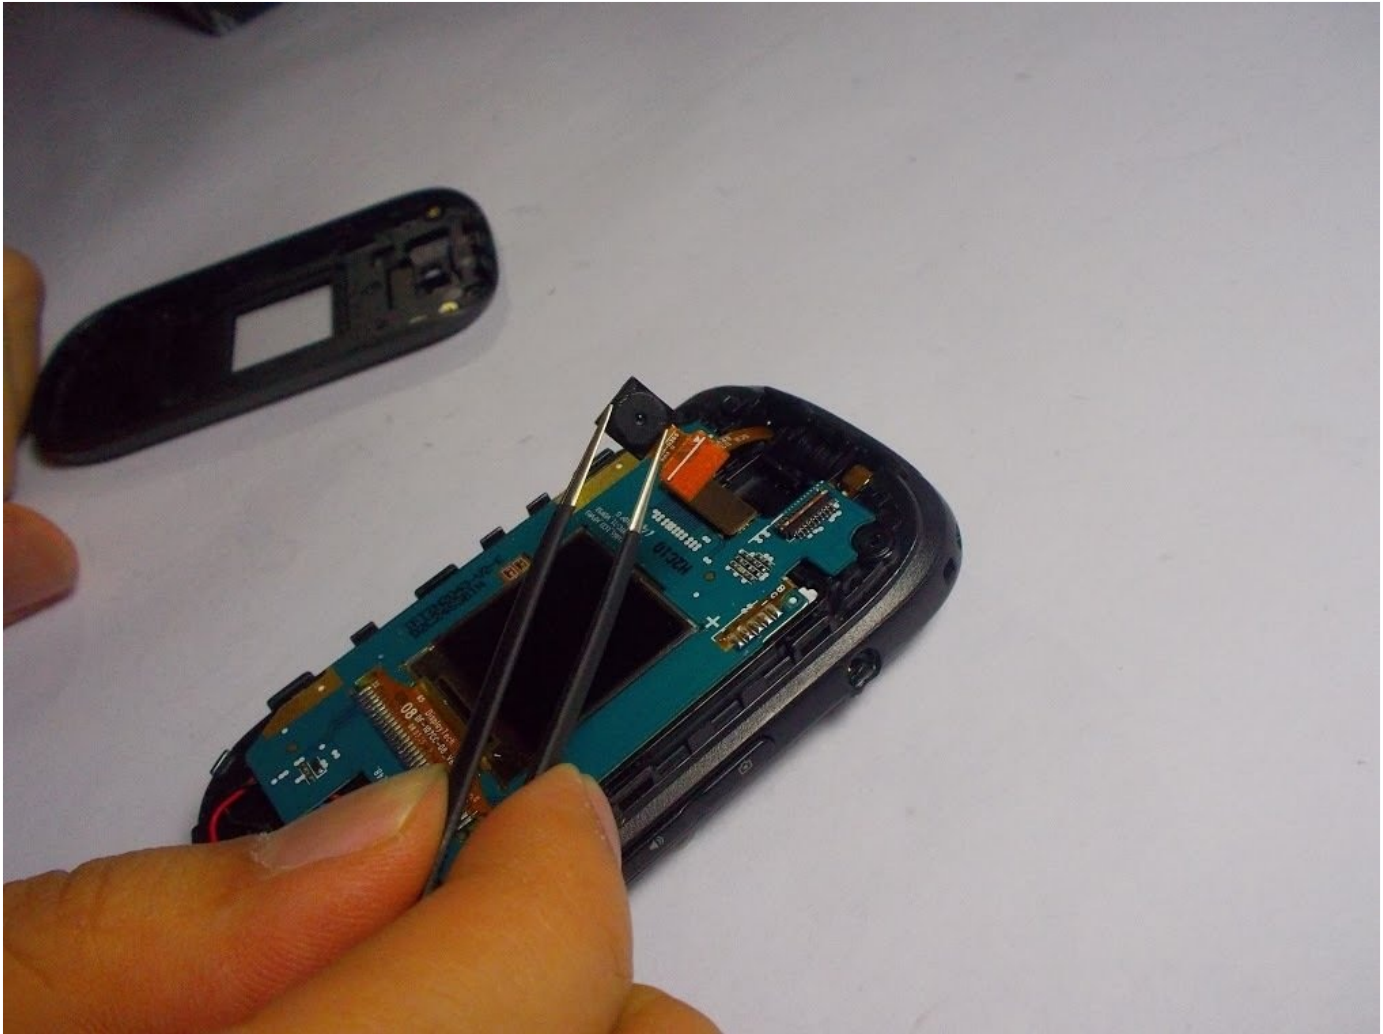

Step 1 — Camera

- Flip open the phone and place it flat as shown.

Step 2

- Remove the two screws near the front screen.
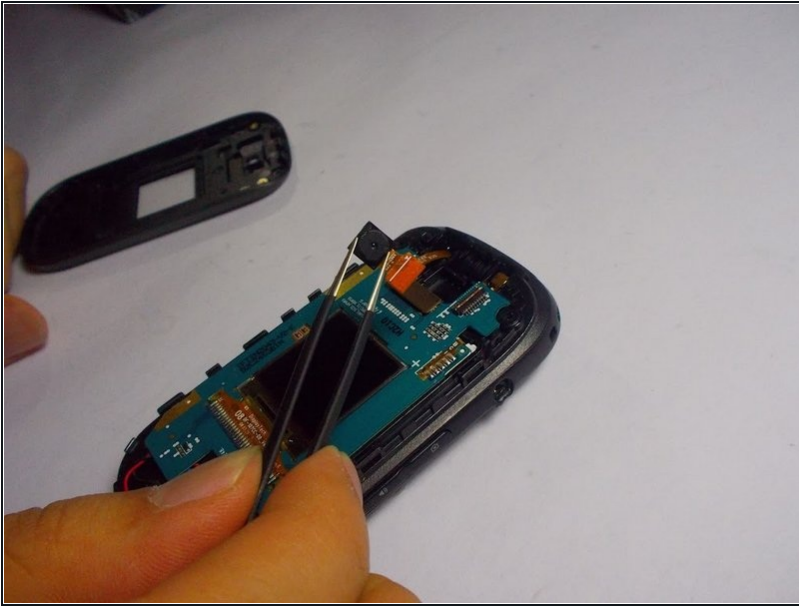

Step 3

- Use a spudger to remove the front cover of the phone.

- Insert the spudger as shown and move slowly around the length of the edge to remove the cover.

- Then, close the phone so that the front is showing.

Step 4

- Look at the first image to identify the location of the camera.

- Use [tweezers](#) to remove the orange flap keeping the camera in place.

Step 5

- Use tweezers to gently remove the camera.

To reassemble your device, follow these instructions in reverse order.
