Step 1 — Left Side Cover

- Pull on the two tabs on the back of the printer to release the left side cover.

- Remove the cover by rotating it towards the front of the printer.

Step 2 — Formatter

- Remove 2 screws on the I/O port cover.

- Remove 6 screws on the formatter.

- Disconnect 3 connectors from the formatter.

- Disconnect 2 flat flexible cables from the formatter.

- Remove the formatter from the printer.

⚠ Be careful not to fold, crease, or tear flat flexible cables.

ⓘ The I/O port cover will need to be transferred to the new formatter before installing it.
